

FlashLink. In-Transit Real-Time Mini Logger

Know the temperature, humidity and location of your products at any time! Track deliveries using a cloud based service to see real-time route information and conditions in a shipping container or truck.

The **FlashLink** In-Transit Real-Time Mini Logger sends data to a web account where it's always available, even before a shipment reaches the receiving dock. Reliable up-to-the-minute information is accessed with a standard web browser, using a PC or any internet-ready device. Alerts are automatically sent when out-of-range conditions occur.

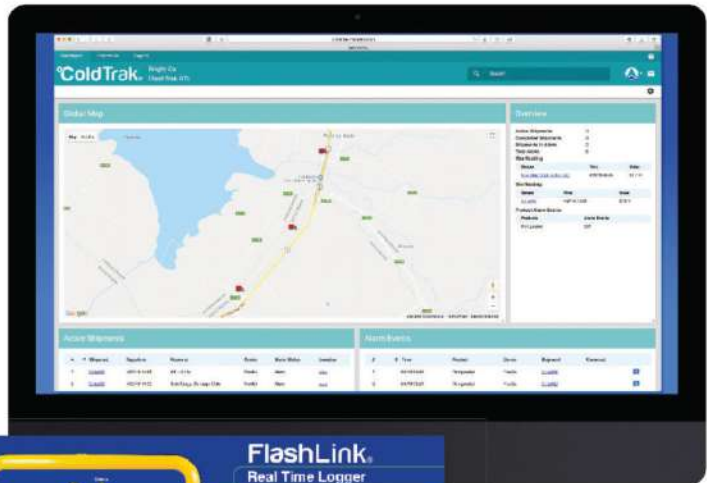

- Monitors location, temperature, and humidity
- Data transmitted via GSM cellular networks
- No need to open vehicle doors to access information
- 24/7 cloud service to view and analyze data remotely
- Make immediate cold chain management decisions
- Reroute trucks when necessary
- Customize settings for high/low alarm limits
- Data stored in the cloud for traceability, audits, HACCP, and FSMA compliance

Product Specifications

FlashLink. In-Transit Real-Time Mini Logger

Temperature Range	-4°F to 140°F (-20°C to 60°C)
Temperature Accuracy	±1°F (0.5°C) from 14°F to 50°F (-10°C to 10°C) ±2°F (1°C) from 50°F to 140°F (10°C to 60°C)
Temperature Resolution	0.1
Humidity Measurement Range	20% to 90% RH
Humidity Accuracy	±3% at 50% RH at 77°F (25°C)
Humidity resolution	0.1% RH
GSM Network	2G Quad band GSM 850/900/1800/1900 MHz
Power Source	Lithium-ion Battery
Battery Life	10-100 days based on sample interval
Weight	6.21 oz (176 grams)
Logger Dimensions	3.74in x 3.74in x 1.1in (95mm x 95mm x 28mm)
Certification	FCC, CE Mark, Temperature & Humidity Sensor NIST traceable

Models	Trip Duration	Logging Interval & Data Upload
22352	15-Day	10 min
22353	60-Day	60 Min

- Monitors location, temperature, humidity
- Data transmitted via GSM cellular networks
- No need to open vehicle doors to access information
- 24/7 cloud service to view and analyze data remotely
- Make immediate cold chain management decisions
- Customize settings for high/low alarm limits
- Data stored in the cloud for traceability, audits, HACCP, and FSMA compliance
- Extended battery life
- One-button start

DeltaTrak manufactures products under an ISO 9001:2015 registered quality management system
