

60G TO 300G INDICATING SILICA GEL FILLED IN-LINE DESICCATORS

Product Description

This In-Line Desiccator is rated for a maximum pressure of 20 psi. This desiccator houses indicating silica gel and has a 25-micron (nominal) outlet filter.

The desiccator is supplied with PVC tubing (1.5 meters long) and tube inserts.

The inlet air must be clean and free from liquid water. The unit is also refillable and can be supplied with alternative connections if required.

Industries Served

- Aerospace
- Defence
- Electronics
- Power & Refinery

Key Features

- Point of use dry air
- Low cost
- Easy installation
- Available with condition indicator
- Different filtration levels available
- Compression fitting interface
- Low - medium pressure ratings

Product Applications

- Air Exhaust Lines
- Vacuum Lines
- Low Pressure Compressed Air Lines
- Marine Vehicles
